

Hotel Resort Dražica

Dear guests, welcome to the Hotel Resort Dražica!

In order to feel safe and protected during your stay at the Hotel Resort Dražica, we have prepared a Health & Safety program.

The health and safety of our employees and you is our priority, and with this program we want you to feel relaxed during your stay.

Resort organization

Our employees are trained to maintain cleanliness and hygiene in accordance with the standards of the Health & Safety Program.

We monitor the health of our employees on a daily basis.

We adhere to the prescribed distance of 1.5 m.

We ensured the prescribed distance in the restaurant during the consumption of food and drinks.

The buffet is additionally protected by partitions; food and drinks will be offered by the staff in the highest hygienic conditions.

We have provided the prescribed distance between the deck chairs by the pool and the beaches.

During your stay, the housekeeping have limited access to the rooms.

Hygiene measures

Our facilities are provided with hot water and liquid soap, as well as hand sanitizers.

The methods of cleaning and disinfection have been enhanced and adapted, with the use of the highest quality.

The ventilation system in the facilities as well as the control of cleanliness in the pools ensure maximum safety during your stay and while using the pool.

Disposable masks and gloves are available upon request (at extra charge).

Additional features

Room only booking – book your overnight stay without breakfast.

**In order for you to contribute to your own safety, please follow our advice!
Health and Safety Program complies with the world and national standards in force.**
